

IC50 EXPO 2023

International Conference on Innovations to Transform Drylands

Date: 21 - 23 February 2023
Venue: ICRISAT, Hyderabad, India

CELEBRATING 50 YEARS OF SCIENTIFIC INNOVATION AND IMPACT

ICRISAT is holding an international conference “Innovations to Transform Drylands” from 21-23 February 2023 at its headquarters in Hyderabad, India. The conference will bring together global experts from research, academia, industry, MSMEs, food processing start-ups, policy makers and NGOs to coalesce new and innovative approaches and scientific innovations to capitalise on opportunities while addressing the challenges inherent in the drylands.

Give your venture a new edge and confirm your participation today!
